Proudly Sponsored By:

The Australasian Synthetic Biology Challenge Limited is a public company limited by guarantee and a registered charity with the ACNC

The Challenge aims to be a key part of the SynBio education pipeline, offering unprecedented opportunities for students to immerse themselves in this field in anticipation of the growing demand for Australian Synthetic Biology specialists.

ACKNOWLEDGEMENT OF COUNTRY

The ASBC acknowledges the Traditional Owners of Country throughout Australia and acknowledges their continuing connection to land, waters and community. We pay our respects to the people, the cultures and the Elders past and present.

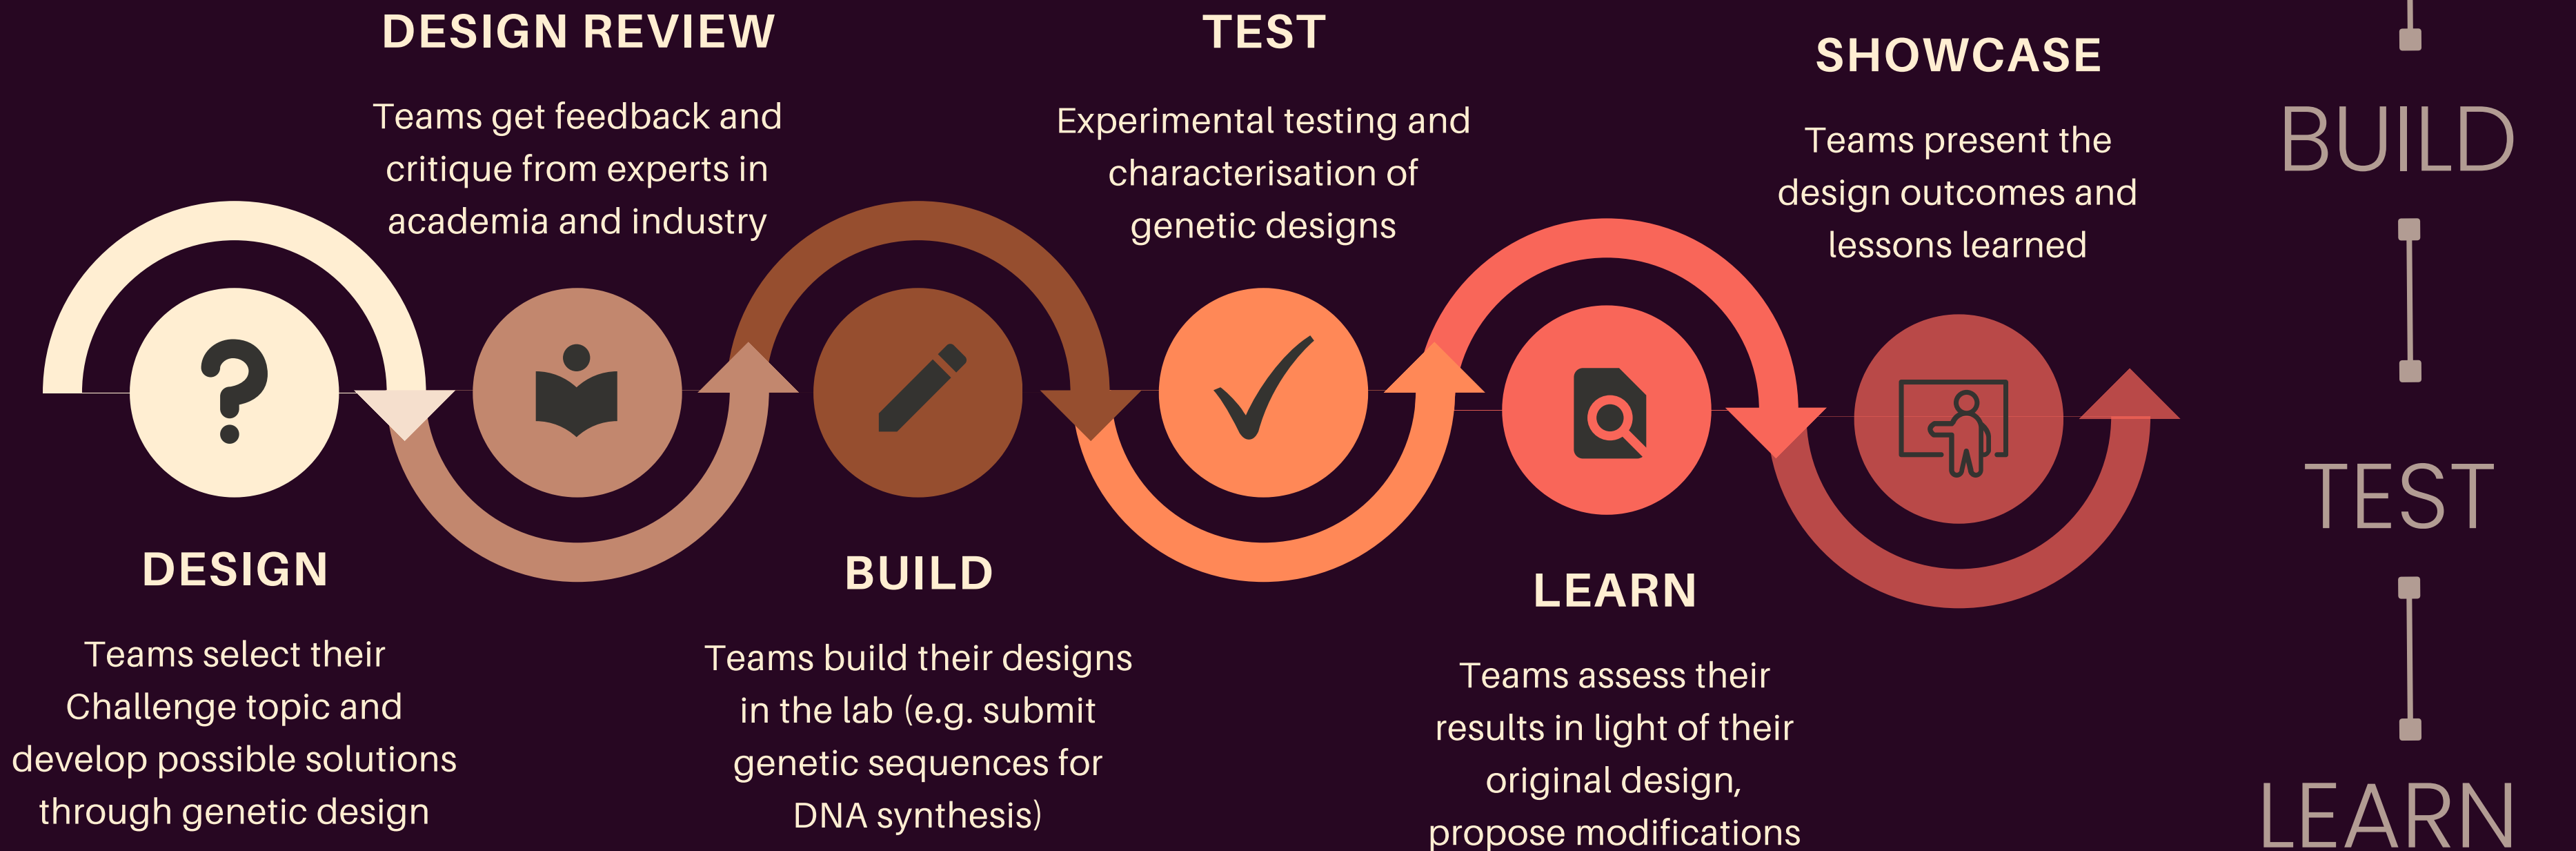

ABOUT THE CHALLENGE

The **ASBC** is a free university-level **program** that:

- Invites and connects **undergraduate** students across Australia
- Serves as a platform for students to create **synthetic biology-based** solutions for **real-world challenges**
- Learn the basics of going from **molecules** to **market**
